Parent and Toddler Sessions

Our Parent and Toddler Group provides a warm welcoming, stimulating and safe environment, where all parents and children can relax, feel valued and supported, while having fun and playing together. It offers an opportunity for parents to meet with other adults within the community and enjoy a cup of tea and a chat. Children can interact with peers and form friendships; while developing social, physical and creative skills. Experienced staff are available to offer advice and signposting to a variety of other services, that will benefit the health and wellbeing of the whole family. The group is suitable for children 0-3 years old
